

**CANOE & KAYAK MAP OF THE WILLIMANTIC RIVER**  
**WINDHAM/WILLIMANTIC**  
 (Coventry, Mansfield, Columbia, Lebanon, Windham/Willimantic)

Map notes: Canoe and kayak features provided by the Willimantic River Yacht Club in March 2006. Map created by Denise Burchsted from base data provided by CT DEP through UConn's Map and Geographic Information Center (MAGIC) website at <http://magic.lib.uconn.edu/>. Data accessed on March 2005. Additional information provided by the Willimantic River Alliance. Creation of maps funded by a Partnership grant from the Quinebaug-Shetucket Heritage Corridor.

Map numbers refer to the notes on river features and launch sites below. See "Boat Launches" for launch site directions and information. Because river conditions and access points may change over time, use of the information in this guide is at the sole risk of the user.

*Launch 13* Rt. 66 in Columbia (21.4m)

20 DANGER Dam before Bridge St. bridge. Take out before dam on L (north) side. River is currently unsafe for boating below this point. The Willimantic Whitewater Partnership is planning to develop a whitewater park below this point, which will be suitable for experienced whitewater kayakers only.
